Greetings !

*Commitment is the
first step towards
turning dreams into
reality.*

Dr. Jyothi Reddy

Dear Parent,
Namaste!

Looking back on the year 2020-21, it is immensely gratifying to see how far we have come. It is a good time to reflect on what we have achieved and look forward to an even more successful 2021-22. Firstly, I thank you all for your continued support for the school throughout the year. It has been overwhelming to receive emails appreciating the school and the teachers for the relentless efforts made to ensure uninterrupted learning and socio-emotional growth of the students despite the prevalent circumstances. It was endearing to see parents' emotions pouring in appreciating the quality of academics that we upheld even in the virtual mode.

Without us working together we couldn't have achieved so much. Sustaining the high standard of learning engagements and a wider exposure will now be a focus for us for the next academic year.

As we look to the next academic year, I extend a warm welcome to all the new students and their families starting their journey at TSUS, Hyderabad. We at TSUS, Hyderabad are committed to preparing our students for tomorrow's world, empowering our young learners to shape the world they want to live in. I am delighted that teaching and learning were overwhelmingly seen

as the things we do best. I thank you for the encouraging attendance and heart-warming feedback during the recent Open Day.

My heartfelt gratitude to parents who congratulated me on my recent promotion as Director Education. I thank the management for the continued trust in me and seek your support and collaboration to help TSUS, Hyderabad scale newer heights.

We are a young school, yet, we have left no stone unturned in bringing in state of the art initiatives to enrich students' learning experiences. In the academic year 2021-22, we are stepping into the 5th year of operations.

We started as a school with a strength of 300 and in 5 years we are proud to stand tall amongst the leading schools of Hyderabad. Our school has countless achievements and accomplishments, right from the inception year. I take this platform to give due credit to the vision of the Management, expertise and mentorship of the leadership team, dedication of the entire staff, and support of Shri Parents that contributed to this accomplishment. It is for your enthusiasm, support and dedication that has brought us to this height.

We are also grateful to all our stakeholders who trusted in us, encouraged us through challenges and provided timely and qualitative feedback that has pushed us to go ahead and improve consistently. A series of engagements to commemorate and celebrate the incredible journey will be planned throughout the year.

It is our steadfast endeavour to create opportunities and provide varied platforms to our students for a wholesome learning experience. Listed below are some of the proposed initiatives for AY 2021-22.

- Climate Action Conference – Interschool National Conference
- ASSET for all
- Rotary Interact Club – Leadership Program
- Artificial Intelligence as a Skill Based Subject

- Entrepreneurship by Metamorphosis.
- Acharya Devo Bhava
- Signature event - All about Grit & Sustenance
- What Lies beneath the Iceberg? Series of Stories
- Integration of UN Sustainable Development Goals with learning engagements
- STEAM Academy - Dr. Jaya Raman

While we bring in new ways of enriching students learning, we shall continue with the existing best practices -

- Differentiated Teaching
- Diagnostic Tests and Action Plan based on Asset
- Bridge the Gap capsule in April
- Supportive Instruction Department
- Periodic Reviews with an Action Plan & Close monitoring and follow up on the action plan by the subject teacher
- Exposure to Extempore, Debates and Declamations
- Engaging students in well-planned open-ended tasks

With much hope and positivity, I urge all students and parents to continue to be prudent and cautious at all times. The rise in number of Covid cases calls for strict adherence to all necessary protocols.

We at TSUS are at all times tuned and abreast of the situation around us. We understand the significance of physical school for students and are geared up with all required safety measures in place and closely watching the government directives. We eagerly await to have students back on campus to infuse life back into the empty building and hallways.

“All good things start with a dream. The dream becomes a vision. The vision becomes a plan. The plan becomes a reality”.

A calendar comprising of student art works from the year 2020-21 has also been shared with you as a souvenir. It is a creative attempt by the art department to commemorate the year gone-by.

We have compiled the journey of 2020-21 in the form of videos. I am sure you all will enjoy watching the year-long journeys of different segments.

With the determination to turn dreams into reality, I welcome you all into the new academic session.

Regards,

Jyothi Reddy
