

From the Principal's desk

10 July 2020

Greetings !

*“Sometimes many words
go unspoken and many
thoughts remain
unheard if not
expressed at the right
time”.*

*I hereby share my
feelings through this
thank you note with
very valuable members
of the SHRI FAMILY.*

- Dr. Jyothí Reddy

Dear Parent,

Namaste!

It gives me great joy to connect with you all once again through this newsletter exclusively to express my gratitude. Hoping you are safe and taking all precautions required to keep the Virus at bay. I urge you to take extra care as there is a rise in numbers in Telangana in the last few days.

Yes, things have panned out in a way that no one expected or was ready for. Enough is spoken and discussed about the change in our day to day transactions. It has certainly not been easy with the multiple challenges each one of us are facing. Yet, I am proud of the fact that as the SHRI FAMILY we have managed to rise to the occasion and handled the situation gracefully. It has been a month of learning for all of us and we have embraced the challenges and are continually overcoming them too.

I am grateful indeed for the way you all as the 'Parent Community' have stood by the school in these challenging times. It is thanks to this partnership that we have taken control over the situation effectively and delivered the best for our students' overall development. It would not have been possible without your support and continued trust in our leadership.

- You have supported the school by showing solidarity in supporting the decisions taken which were not easy.
- By sharing your feedback promptly through the surveys rolled out you have shown your keen participation in making the right decisions.
- As the Shri Family believes in the power of dialogue, I thank you for sharing your valuable insights during 'SHRI SAMVAAD' that were beneficial to all members of the Shri Family.
- I have always believed in transparency and have always kept the communication channels open. I thank all parents who promptly attended the parent connect meetings and Principal's webinars.
- Keeping the spirit of the events alive, we organised Daddy's Day at Home, International Day of Yoga and also our Signature event, Shri Jhankar through the virtual medium. All these events were a huge success thanks to the overwhelming participation from our parent community.
- We also would like to thank you for timely payment of fee by most of you which speaks a great deal about your commitment to the Parent-School partnership. You will be happy know that this has resulted in timely payments of salaries and has brought smiles to the entire staff.
- We as a team have constantly strived to incorporate the best practices that would benefit our Shriites and ensure an uninterrupted learning experience. Thank you for acknowledging, appreciating and encouraging us every step of the way through emails, messages and comments

on FB. This has kept us motivated to better our best each day.

- I also appreciate all those parents who have played their part in ensuring timely submission of home assignments.
- Shri Saathi has been a heartfelt initiative rolled out for the benefit of our Shriites and Shri parents to cope with the changed situation. It is heartening to see that some of you have benefitted from it and in-turn appreciated our efforts too.
- A deliberate and conscious change in our communication policy has been made based on request from parents. In order to enable parents to have a direct and effective connect with the school for academics related discussions, we have shared contact details of segment coordinators. According to the survey 98% of you have appreciated this which makes the effort totally worth it.
- A stepping stone has been laid towards creating the Parent representative body to make the partnership a more constructive and collaborative one. My appreciation and special thanks.

I strongly believe that appreciation motivates and helps in giving out our best however, feedback helps in better preparation as we move ahead. Your constructive feedback has played its role in helping shaping the way we have structured the teaching-learning experience in an optimal manner.

As I look back upon the 3 months of this new normal, I am immensely satisfied that we have left no stone unturned in terms of our efforts to deliver the best. I once again express my deep gratitude to each one of you for the continued support and trust.

“I want to say Thank You to all those individuals who have listened without judgement, spoke without prejudice, helped without entitlement and understood without jumping to conclusions.”

Warm Regards

Dr. Jyothi Reddy
